

Most important learning end of Speech 72 _ Fall 2012

Changes I would make:

- Understand each unit
- Do homework each class
- Work harder on the pronunciation
- Learn more vocabulary
- Practice the sounds
- Use the computer for your homework.
- Pay attention in the lab.
- Carefully organize your time.

Learned most from

- Various presentations in class
- Use vocabulary in your life
- Complete the final project.
- Played bingo and other games in class
- Read & researched article.
- Prepared for the final exam.

Lessons gained from volunteering

- Enjoyed language I learned.
- Helped me learn to talk and write about it.
- Increased confidence and comfort speaking
- Boosted my English skills in the workplace as related to my medical profession
- Interacted with different ages

What will I always remember?

- Interacted with our volunteer jobs.
- Patient professor who explained things well
- Class interactions helped
- Shared the national food from their various countries.
- Watched the play with the teacher

Advice for students

- Always arrive to class early
- Practice self discipline
- Make American friends
- Prepare all your lessons
- Take the class seriously
- Listen carefully as explanations are given in class.
- You will hear a lot of valuable information.
- The greater time you spend; the more you will learn
- Ask questions that you don't understand.
- Try to find the time to volunteer—it will be worth your effort.
- Don't argue with the teacher
